1.25 Gals – 169oz – 5 Liter
Stainless Steel Tank

Comes with FREE Measure Right Graduated Measuring Tools

Revolutionizing Pest Control Since 2001

- **NPD Powered** has been a leader in the foam business since 2001, offering environmentally safe solutions that are both efficient and versatile. NPD was the first company to develop a non-repellant foaming agent; ProFoam Platinum, now 23 years old, was developed in conjunction with chemical manufacturers and industry.
- The **ProFoam SS** applicator is designed to tackle all pest invasions with a single tank system, combining **liquid, dry foam, and wet foam** applications in one unbeatable combination. No compromises required.

Question: Why not add the flexibility of Foam Treatment potentials to your fight against pests, at no extra cost?
Foaming at no extra charge, why wait?

“Experience the future of pest control with the ProFoam SS and Power Cart. Powerful, precise, and environmentally conscious—it’s time to upgrade your pest control solutions.”

Key Features & Benefits ProFoam SS

- ✓ **Stainless Steel Tank:** Durable and long-lasting for repeated use.
- ✓ **1.25-Gallon Capacity (169oz | 5 Liters):** Perfect for multiple applications without frequent refills.
- ✓ **3 Treatment Outputs:** Effortlessly switch between **Liquid**, **Dry Foam**, and **Wet Foam** applications with no adjustments needed.

Why Choose ProFoam SS ?

- **Superior Foam Technology:** Foam applications outperform traditional liquid-only methods by traveling throughout all void's areas where liquid and dust treatments cannot reach.
- **Sustainability:** Tank-mix foam applications provide the lowest cost method in foam creation and provide a no waste solution impacting our landfill sites environmentally while being the best performance solution.
- **Adaptability:** 2 application methods in 1 tank; Liquid and Foam. Add Foam applications to your service capability for the same price as a liquid only system. SS Tank removes from the Power Cart to serve as a standalone hand-pump Foam and Liquid treatment system for mobility.

Package Contents

- ✓ **ProFoam SS Tank:** Liquid, Dry Foam, and Wet Foam outputs.
- ✓ **Trigger Gun:** With 60-inch connection hose and quick brass disconnect.
- ✓ **Foam & Liquid Tips:** High-volume, stainless steel, and fan spray tips.
- ✓ **Extension Wand:** Adjustable for various applications.
