## Revolutionizing Pest Control Since 2001

→ **NPD Powered** has been a leader in the foam business since 2001, offering environmentally safe solutions that are both efficient and versatile. NPD was the first company to develop a non-repellant foaming agent; ProFoam Platinum, now 23 years old, was developed in conjunction with chemical manufacturers and industry.

→ The **PROPLUS** applicator is designed to tackle all pest invasions with a single tank system, combining **liquid, dry foam, and wet foam** applications in one unbeatable combination. No compromises required.

**Question:** Why not add the flexibility of Foam Treatment potentials to your fight against pests, at no extra cost?  
**Foaming at no extra charge, why wait?**

“Experience the future of pest control with the **PROPLUS** and **Power Cart**. Powerful, precise, and environmentally conscious—it’s time to upgrade your pest control solutions.”

## Key Features & Benefits PROPLUS Power Cart

- ✓ **Stainless Steel Tank:** Durable and long-lasting for repeated use.
- ✓ **1.25-Gallon Capacity (169oz | 5 Liters):** Perfect for multiple applications without frequent refills.
- ✓ **3 Treatment Outputs:** Effortlessly switch between **Liquid**, **Dry Foam**, and **Wet Foam** applications with no adjustments needed.
- ✓ **Applications:** Effective for drains, termites, small flies, ants, and more.
- ✓ **Environmentally Friendly:** Minimizes waste with precise chemical application.
- ✓ **PROPLUS Tank Lightweight & Compact:** Tank Only 8.5" x 8.5" x 19"; weight 4.5lbs.
- ✓ **Accessories Included:**

## Key Features & Benefits PROPLUS Power Cart

- ✓ **High-Performance Compressor:** Ensures consistent output for all treatment types.
- ✓ **50' Service Zone:** Includes a 25-ft Yellow Air Line, creating an unmatched treatment radius.
- ✓ **Telescoping Handle for Mobility:** Easily transport the system across job sites.
- ✓ **Stainless Steel Tank System:** Long term performance with our new Stainless Steel Tank complete with new design Dripless Hydraulic Couplers and Plugs with Stainless Steel Center pins.
- ✓ **Safety Features:** Built-in safety valve for overpressure protection and de-pressurization.
- ✓ **System Dimensions:**
  - Cart with tank: 10"x18.5"x38"; Weight: 21.5 lbs.
  - Shipping Box Dimensions: 10"x10"x24" & 16"x13"x13"; Shipping Weight: 9 lbs + 18.4 lbs.
- ✓ **Quick Setup:** Fully assembled in under 5 minutes.

### Also Available for Purchase :

TT-8

→ 8" Drain Plate

## Why Choose PROPLUS?

- **Superior Foam Technology:** Foam applications outperform traditional liquid-only methods by traveling throughout all void's areas where liquid and dust treatments cannot reach.
- **Sustainability:** Tank-mix foam applications provide the lowest cost method in foam creation and provide a no waste solution impacting our landfill sites environmentally while being the best performance solution.
- **Adaptability:** 2 application methods in 1 tank; Liquid and Foam. Add Foam applications to your service capability for the same price as a liquid only system. PROPLUS Tank removes from the Power Cart to serve as a standalone hand-pump Foam and Liquid treatment system for mobility.

## Package Contents

- ✓ **PROPLUS Tank:** Liquid, Dry Foam, and Wet Foam outputs.
- ✓ **Power Cart:** Integrated 120V compressor and telescoping handle.
- ✓ **Trigger Gun:** With 60-inch connection hose and quick brass disconnecter.
- ✓ **Foam & Liquid Tips:** High-volume, stainless steel, and fan spray tips.
- ✓ **Extension Wand:** Adjustable for various applications.
- ✓ **Air Lines & Hoses:** Including 8-ft foam output and 25-ft extension hoses.
- ✓ **Accessories:** Sub-slab injection rod, drain plate, graduated measuring tools.
